The Exciting Platform
Where Dream Meets Reality

English Communication Skill

English being the most widely spoken language in the world, learning the language is absolutely vital if a successful career is to be achieved. This course has been designed simply to help each Fly High student to communicate more effectively in English. Topics covered in this subject include basic knowledge of grammar, salutations and farewells, as well as the various details involved in making appointments or coming to a mutual conclusion on certain subjects. Since each lesson in this course is extremely interactive, students are able to develop their language skills on an ongoing basis and also learn about key elements of correct and effective communication. The main objective of this course is to further improve the student's pronunciation, enunciation and fluency in the use of the English language. The course is highly interactive and trains the student in effective communication skills, the group discussions usually required to clear the interviews.

Personality Development

Personality development is a relatively long-lasting pattern of thinking , feeling, and behavior that distinguishes individuals from one another. This module is fully engaging and helps students develop the personality they need to work in a professional environment. This course prepares students with positive attitudes, anger management, sympathy, perception , motivation and stress management.

Grooming

The module provides training on the skills required in the customer service industries. Topics covered here include skin and hair care, formal clothing, basic grooming practices, dental care, professional make-up techniques, etc.

Soft Skill

Soft skills are related to how you work. This module include interpersonal skills , communication skills, listening skills , time management and compassion, among others. Soft skills are also important for the success of most employers. After all, almost every job requires employees To engage with others in some way.

DIPLOMA COURSES
